

PPG

CATALOGUE 2026

Our Mission:

- To develop our relationship with Canadian and American retailers interested in high-quality food products with advantageous economic values.

Our main objectives:

- Through our privileged relationships with major processors, we offer high-quality products at competitive prices across various categories.
- Develop agreements with major retailers.
- Distribute food products that combine international quality with excellent availability for the Canadian market.

Our vision:

- To become a leading partner for Canadian retailers seeking innovative private label solutions and/or interested in our exclusive national brand.

Our Expertise:

- Sourcing: Specializing in importing Turkish products that meet the highest quality standards and certifications.
- Private Label Development: Full-cycle branding and packaging for major retailers.

Market Target:

- High-volume, high-quality snack and confectionery categories in competitively priced retail outlets.

Logistics Services:

- Import Licenses
- Warehousing and Transportation
- Turnkey solutions and understanding of the North American business landscape and supplier portals.

Quality assurance and certifications:

- High-level, high-quality manufacturing that respects the supply chain in a consistent and structured manner.

Private Label Excellence:

- Premium hazelnut cocoa spreads and peanut butter products with innovative snack-and-dip combinations.

Product Portfolio:

Our Exclusive Brands:

master

- Introducing the Nutmaster & Nutbari range and exclusively distributing DKC Grup products in the North American market.

The Prime Standard: A Legacy in the Making

At Prime Provisions Groupe, we believe that the foundation of every great culinary experience, every shared meal, and every successful kitchen begins with a single, uncompromising principle: The source. We didn't just start a supply company; we launched a mission to bridge the gap between world-class producers and the discerning tables they serve. In an industry that often moves too fast, we choose to slow down—meticulously vetting every grain, every cut, and every partner that carries the Prime seal.

Our Philosophy

Our name isn't just a label; it's our promise. To us, "Provisions" are more than just inventory—they are the essential building blocks of culture and craft. Whether we are sourcing artisanal staples or avant-garde ingredients, our "Groupe" operates as a collective of experts dedicated to:

- Unrivalled Curation: We don't stock everything; we stock the right things.
- Modern Integrity: Utilizing transparent supply chains to ensure every product is as ethical as it is exceptional.
- Partnership Beyond the Palette: We view our clients not as customers, but as collaborators in a shared pursuit of excellence.

Looking Forward

As you leaf through this catalogue, you aren't just looking at a list of products. You are looking at a curated portfolio of possibilities. From our heritage roots to our modern, tech-forward distribution, Prime Provisions Groupe is here to ensure that your standards are never compromised.

Welcome to the next chapter of quality!

Our Partner

- The DKC Group was founded in Ordu, Turkey, in 2012. This manufacturing company employs over 300 people
- Its goal is to become a market leader in hazelnut-cocoa creams, peanut butters, and breadsticks. Its average monthly production is 900 tons.
- DKC currently exports to 48 countries.
- In addition to its own production, the DKC Group also supplies major supermarket chains and private label brands, both in Turkey and internationally. Contact us for minimum order quantities and pricing.
